EDUCATION

Royal Institute of Technology (KTH)

Kista, Stockholm September 2022 - May 2027

I am now in my third year at KTH Kista, gaining experience and knowledge about IT from various perspectives and levels. This includes everything from programming and software to hardware and group work.

Östra Gymnasiet (High School)

Skogås, Stockholm August 2019 - June 2022

We learned about microorganisms as well as how to handle critical situations, where the problem could range from a technical one to a human issue.

TECHNICAL SKILLS

- Java (Intermediate Level)
- CSS (Intermediate Level)
- HTML (Intermediate Level)
- Python (Intermediate Level)
- C (Basic Level)
- Assembly (Basic Level)
- JavaScript (Intermediate Level)
- Elixir (Intermediate Level)

WORK EXPERIENCE

Recruiter and Team Leader (Hello World)

Varied, Stockholm November 2023 - Present

- Team Leader: Managed the administrative side of operations at Hallonbergen, such as scheduling, attendance, assigning tasks, reporting potential problems, etc. I am currently managing Grönkulla School in Rissne.
- I work on-site and teach programming like Python and web design like CSS, HTML, etc.
- Recruiter: I also recruit new leaders/employees by conducting coding interviews and personality tests.

Private Tutor (Allakando)

Västerhaninge, Stockholm February 2020 - December 2021

- I have worked both remotely and physically at a tutoring company where I helped students with difficulties in various subjects.
- An important experience I gained from this job was the ability to quickly establish a relationship with students or, in other cases, clients. The pedagogical skills and leadership role were also additional experiences.

Reference, grades, and certificates available upon request.
